

Workshop Notes 3/29/20

1. COVID-19

- May need to reschedule games for later in the season or possibly cancel events.
- Board is not pushing to make a decision, GM's Discretion.

2. Database Training

3. Patreon

4. New Tools for GM's

1. Covid 19

Currently BOD is not canceling or recommending canceling of any events. If cancellations are needed, they will be at the discretion of the individual chapter GM's. Circumstances are rapidly changing rapidly and GM's will be monitoring closely to make decisions.

Our first event is May 22-24 at Burgundar. Albion is the weekend after. Burgundar is monitoring and will follow any state or local restrictions. New Hampshire is currently under stay at home orders. Albion GM's are carefully monitoring and may need to cancel their full season if that order is still in place.

2. Database Training

Bob presented on the new database, the functionality, how to view, update characters, how players can now enter their own updates. He is available to help GM's with updates and do further training upon request. Dylan recorded the presentation and will make it available for GM's as well.

3. Patreon

Currently \$155 per month with 24 patrons. BOD is working to promote patreon more and has updated reward levels. Biggest change is \$5/month will receive a moonstone. Previously that was for \$10/month. DOB is also looking to expand the \$1/month patrons. Creation of Patreon Community Representative position on BOD. Term of one year and is voted on by the current patrons.

Overview of use of Patreon funds. If a player wants to make use of Patreon funds, the player should contact the GM's the chapter, preferably through the chapter specific email. Granting the use of funds is at the discretion of the chapter GM's. Conditions can be applied, such as only for 1 or 2 chronicles, requiring an NPC shift. GM's will report to BOD in GM PEL how much is needed from patreon funds.

Discussion of some oversight for potential abuse. GM's may report the names of players who used the funds, but do not need to include the amount.

4. Tabled until next meeting. Tentatively scheduled for 5PM April 6.
